

Dear Applicant,

Thank you for your interest in REAL Montana. This is an exciting opportunity to be a part of a program that will have positive, long-term impacts on the future of natural resources in our state.

All application materials must be submitted by **May 31, 2019**. Carefully review the following application instructions. To be eligible for selection, each applicant must earn a substantial percentage of his/her livelihood from a natural resource sector in Montana. Selection is competitive and all decisions will be made by members of the REAL Montana Advisory Board. All applications must include two letters of recommendation and an employer authorization form if not self-employed (submitted separately).

Your application will be evaluated based on the following criteria:

- Demonstrated leadership qualities and potential for increased leadership roles upon graduation.
- Probable future contribution to Montana natural resources and your local community through growth experiences gained from the program.
- Evidence that the nature and scope of your concerns range beyond self-interest and/or narrow perspectives.
- Ability to participate meaningfully in each seminar by actively engaging in dialogue and deliberations.
- Ability to be away from your home and business for the required amount of time. The program entails approximately 40 days of seminars and travel over a twenty-month period.
- Ability to adhere to the [Participant Commitment Statement](#)

Reasonable representation within each class will be sought from the standpoint of geographical location and diversity of employment/experience within Montana agriculture, natural resources, or related areas. Candidates will not be evaluated based on age, education level, or any discriminatory factors as outlined by Montana State University Extension.

All applicants will be notified of selection results in July 2019. The first seminar is scheduled for September 2019 in Bozeman.

If you have any questions, please contact our office.

Sincerely,

Tara Becken
Program Director, REAL Montana
